To,
All Associates

Cubit Healthcare established in 2002 an ISO 9001-2008 & GMP certified pharmaceutical company, one of the leading PCD Pharma company in India welcomes you to become a part of our family. While experience does not make a company immune to business challenges, it does impart two great advantages: it teaches us how to respond to such times and to prepare constantly for the future and the changes it will bring. This is a core competency at Epite Life Sciences. Our long perspective has taught us that change will always come, so we prepare for it by building our company and its ability to thrive, no matter the circumstances.

At the present times, these circumstances continue to include a slowly recovering global economy, rising costs pressures worldwide and a more challenging regulatory environment. Our view is that the antidote is action. Therefore, we've been busy building to ensure we can maintain our strong growth and performance, in both good times and others. It has ambitious plans for the years ahead. The portfolio of over 2800 products are marketed by a specialized field force. With one of the strongest distributors in the industry, the group reaches chemists and serves doctors including physicians, specialists and super specialists. The company focuses on providing high quality, appropriately priced products to its customers and supports all these with dedicated customer service.

Thanking you and expecting a very bright 2018-19.

For, Epite Life Sciences.
